Informed Consent for Treatment

John F. Long, D.O
Stacia Reagan, PA-C
Erin Schultz, PA-C, PhD

I understand that as part of my office visit, I may be examined in areas where I am currently having pain as part of the standard physical exam. This may cause increased pain.

I understand that results are not guaranteed. The provider will address injury complaints within the context of resolution of symptoms or until medically stable state is achieved. Treatment beyond maximum improvement will be referred. Narcotics will not be prescribed.

I wish to rely on the physician to exercise judgment during the course of the procedure which the physician feels are in my best interests at the time, based upon the facts then known.

24 HOUR CANCELLATION POLICY: Scheduled appointments that are skipped will be billed to you. Insurance will NOT pay the fine. Please make sure we have a good contact phone number for future appointment confirmation. For HIPAA compliance voicemail must indicate your name for a message to be left.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its contents. I intend this consent form to cover the entire course of treatment for my present condition(s) and for any condition(s) for which I seek treatment at this facility.
